All our pewter is lead free, cast by us in the UK and distributed from our Warehouse. Our sales team are happy to discuss your order requirements with you and would be delighted if they could visit you to show our full range of products if required. We also have a showroom available and would be thrilled for you to visit this as well as the factory when suitable. Please ring our sales department to arrange an appointment and receive full details.

Bespoke Design Service

We have a full design team available for producing both bespoke packaging for existing products and the creation of new products on request. We are also able to model new pieces for pewter casting and make reproductions from originals. Please ask for further information. We have now introduced a new range of customized gifts which are available in a high definition finish and can be produced using your chosen image. We produce these gifts in-house and can supply in low quantities. Please ask our sales team for our full information if this is of interest.

Price Structure

After consulting with a number of buyers we have established the importance of a good pricing structure which caters for the smaller company that only wants to purchase a few products - many items are now on offer for only units of 12. For larger orders please contact us directly to see if any discount is possible.

Free Shipping and Discounts

We offer free shipping for orders over £500 (shipping to UK Mainland only) and bulk order value discounts of:
2.5% for orders over £1,000
4% for orders over £2,500.

Important

If you require fully bar-coded products please advise at the time of your order. Any products that we supply that do not have individual barcodes can be delivered with a set of barcode adhesive labels with the required barcode. There may be a small surcharge for this service.

All items marked as GOLD are 22ct gold plated onto pewter.

Cast in English pewter, then plated, if applicable. These faithful reproductions are attractive and educational. Historical Books

Loony Look Books

History suggests that the past was not a whole heap of fun. Seems it was all wars and warlords intent on battles, beheadings and bumpings-off. And you're expected to remember the dates of who did what to whom. So take a look into the world of the Loony Look series of books to see the comic side and after you've enjoyed the joke read the bottom line which will give you the facts. This series will entertain you and maybe even surprise you; proof that our fiction is funnier than fact!

Handmade 3D Decoupage Cards

Decoupage, otherwise known as 3D cards.

Our designs are printed a number of times, then various areas of the design are cut and layered on top of each other using double-sided sticky foam squares to mount the layers together to create the 3D effect making a very attractive greeting card.
